## **INDEPENDENT AUDITOR'S REPORT**

### **To The Members of MUMTAZ HOTELS LIMITED Report on the Audit of the Financial Statements**

#### **Opinion**

We have audited the accompanying financial statements of **MUMTAZ HOTELS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2024, and the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year ended on that date and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

#### **Basis for Opinion**

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

#### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors are also responsible for overseeing the Company's financial reporting process.

## **Auditor's Responsibility for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's

report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## Notes to the Financial Statements -- Contd.

2

### Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2024, MCA has not notified any new standards or amendments to the existing standards applicable to the Company.

3

### Significant estimates and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides information about the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

#### (i) Useful life of the Hotel Building

The Company has adopted useful life of property, plant and equipment as stipulated by Schedule II to the Companies Act, 2013 except for the hotel building for computing depreciation. In the case of the hotel building of the Company, due to superior structural condition, management decided to assess the balance useful life by independent technical expert. As per the certificate of the technical expert as on March 31, 2024, the balance useful life of the hotel building of the Company was 51 years. The carrying amount of the hotel building is being depreciated over its residual life. Based on management evaluation performed at each reporting period, there has been no change in the earlier assessed useful life.

#### (ii) Claims, provisions and contingent liabilities:

The Company has ongoing litigations with various regulatory authorities and third parties with respect to tax/legal matters. Where an outflow of funds is believed to be probable and a reliable estimate of the outcome of the dispute can be made based on management's assessment of specific circumstances of each dispute and relevant external advice, management provides for its best estimate of the liability. Contingent liabilities are possible obligations whose existence will be confirmed only on the occurrence or non-occurrence of uncertain future events outside the Company's control, or present obligations that are not recognised because it is not probable that a settlement will be required or the value of such a payment cannot be reliably estimated. These are subjective in nature and involve judgement in determining the likely outcome of such tax/legal matters.

**(v) Sensitivity analysis**

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

**(Rs. in Million)**

	Change in assumption		Impact on defined benefit obligation			
			Increase by 1%		Decrease by 1%	
	March 31, 2024	March 31, 2023	March 31, 2024	March 31, 2023	March 31, 2024	March 31, 2023
<b>Gratuity</b>						
Discount rate	1%	1%	(0.08)	(0.06)	0.09	0.06
Salary growth rate	1%	1%	0.09	0.06	(0.08)	(0.06)
<b>Leave encashment</b>						
Discount rate	1%	1%	(0.37)	(0.30)	0.42	0.35
Salary growth rate	1%	1%	0.42	0.35	(0.38)	(0.31)

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method i.e., Projected Unit Credit Method has been applied as that used for calculating the defined benefit liability recognised in the Balance Sheet.

**(vi) Risk exposure**

The defined benefit obligations have the undermentioned risk exposures :

**Discount rate risk:** The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase in the ultimate cost of providing the above benefit thereby increasing the value of the liability.

**Liquidity risk:** This risk arises from the short term asset and liability cash-flow mismatch thereby causing the Company being unable to pay the benefits as they fall due in the short term. Such a situation could be the result of holding large illiquid assets disregarding the results of cash-flow projections and cash outgo inflow mismatch. (Or it could be due to insufficient assets/cash.)

**Future salary increase risk:** The cost is sensitive to the assumed future salary escalation rates for all final salary defined benefit schemes. If actual future salary escalations are higher than that assumed in the valuation of actual cost, the value of the liability will be higher than that estimated.

**Demographic risk:** In the valuation of the liability certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the cost.

**(vii) Defined benefit liability and employer contributions**

The weighted average duration of the defined benefit obligation is 9 years (2023 - 9 years) and 7 years (2023- 8 years) for Gratuity and Leave encashment respectively.

The expected maturity analysis of undiscounted gratuity and leave encashment is as follows:

#### (ii) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, mutual funds that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities included in level 3.

(iii) Assets and liabilities which are measured at amortised cost for which fair values are disclosed.

All the financial asset and financial liabilities measured at amortised cost, carrying value is an approximation of their respective fair value.

### 33 Financial risk management

The Company's activities expose it to market risk (including currency risk, interest rate risk and other price risk), liquidity risk and credit risk.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk :

The Company's risk management is carried out by a senior management team under policies approved by the Board of Directors. The senior management team identifies, evaluates and hedges financial risks in close co-operation with the Company's operating unit. The Board of Directors provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, credit risk, use of non-derivative financial instruments, and investment of excess liquidity.

#### (A) Market risk

##### (i) Foreign currency risk

Foreign currency risk arises from future commercial transactions and recognised assets or liabilities denominated in a currency that is not the Company's functional currency (Rs.).

The exposure of the Company to foreign currency risk is not significant. However, this is closely monitored by the Management to decide on the requirement of hedging. The position of foreign currency exposure to the Company as at the end of the year expressed in Rs. Million are as follows :

Currency	(Rs. in Million)	
	Receivables	Payables
<b>March 31, 2024</b>		
US Dollar (USD)	-	3.09
<b>Net exposure to foreign currency risk</b>	-	<b>3.09</b>
<b>March 31, 2023</b>		
US Dollar (USD)	-	1.20
<b>Net exposure to foreign currency risk</b>	-	<b>1.20</b>

##### Sensitivity

If Rs. is depreciated or appreciated by 5% vis-s-a-vis foreign currency, the impact thereof on the profit and loss of the Company is as given below:

	(Rs. in Million)	
	Impact on profit*	
	March 31, 2024	March 31, 2023
<b>USD sensitivity</b>		
INR/USD Increases by 5% (March 31, 2023 - 5%)	(0.15)	(0.06)
INR/USD Decreases by 5% (March 31, 2023 - 5%)	0.15	0.06

\* Holding all other variables constant

##### (ii) Interest rate risk

As at the end of the reporting period, the Company does not have any variable rate borrowings outstanding, therefore, Company is not exposed to any interest rate risk.

##### (iii) Other Price risk

The Company does not have investment in market quoted securities. Therefore, the Company is not exposed to market price risk.

### (B) Credit risk

Credit risk arises when a counter party defaults on contractual obligations resulting in financial loss to the Company.

Trade receivables consist of large number of customers, spread across diverse industries and geographical areas. In order to mitigate the risk of financial loss from defaulters, the Company has an ongoing credit evaluation process in respect of customers who are allowed credit period. In respect of walk-in customers the Company does not allow any credit period and therefore, is not exposed to any credit risk. As per the Company's past collection history, credit risk is insignificant.

The Company does not have any derivative transaction and therefore is not exposed to any credit risk on account of derivatives.

### 38 Contingent liabilities

The Company had contingent liabilities at March 31, 2024 in respect of:

- (a) Claims against the Company pending appellate / judicial decisions not acknowledged as debts:

	(Rs. in Million)	
	As at March 31, 2024	As at March 31, 2023
i. Stamp Duty	10.23	10.23
ii. Sales Tax	0.19	0.19
iii. Expenditure tax	0.10	0.10
iv. Income-tax (Refer note 31)	3.61	3.61
v. Goods and Services Tax	3.49	-

The matters listed above are in the nature of statutory dues, namely, Stamp Duty, Sales Tax, Expenditure Tax, Income Tax and Goods and Services Tax, all of which are under litigation, the outcome of which would depend on the merits of facts and law at an uncertain future date. The amounts shown in the items above represent the best possible estimates arrived at, are on the basis of currently available information and the cases that are disputed by the Company are those where the management is of the view that it has strong legal positions. The management is of the view that the outcomes of these matters are not envisaged to have any material adverse impact on the Company's financial position. Accordingly, management is of the view that no provision is considered necessary in respect thereof at this point in time as the likelihood of liability devolving on the Company is less than probable.

### (b) Pending litigation

An application had been filed by a religious body in respect of a particular parcel of freehold land, i.e., Khasra No. 95 (admeasuring 450 square yards) which was dismissed at District Court, Agra. Subsequently, the religious body filed an appeal with the District Court, Agra to which the Company objected and contended that the appeal in respect of the aforesaid (parcel of freehold land) was infructuous.

In view of the present status of the case, the management believes that the Company has strong chances of success in the above-mentioned case and the outcome of this matter is not envisaged to have any material adverse impact on the Company's financial position. As on March 31, 2024, net carrying value of freehold land in respect of Khasra No. 95, included in property, plant and equipment aggregated to approximately Rs. 0.76 million and net carrying value of buildings in respect thereof, included in property, plant and equipment based on management's best estimate amounted to Rs. 11.72 million.
